TENTH YEAR.

Entered at the Post Office at Lancaster, Ky., as Second Class Matter.

NUMBER 13

LOUIS LANDRAM, Publisher.

LANCASTER, KY., THURSDAY AFTERNOON, JULY 6, 1899.

ONE DOLLAR A YEAR

## WHAT'S GOING ON AT HOME.

Masonic Lodge next Tuesday night. Get your Binder Twine at GAINES.

Who said Lancaster was not coming to the front?

Not even a plain, every-day drunk showed up Tuesday.

J. Joseph has an up-to-date line of slippers. Ladies, call and see them.

New line belt buckles and fancy goods this week.

Thompson the Jeweler.

Foundations are completed on the Owsley block and the joists are being laid.

Farmers are busy threshing. The crop will not be as short as was first feared.

The prettiest lines of Parasols ever shown in Lancaster is to be found at Joseph's.

### Sacks-Sacks.

H. A. B. Marksbury & Son keep on hand new sacks, and will sell to the farmers at cost.

### Building Lots.

If you want to buy a nice Building Lot I can sell you one from 1 to 4 acres cheap.

T. CURRY.

Some five hundred pistol shots were fired on the streets Tuesday night. How long, oh Lord, how long, will a suffering community have to stand this.

The reports we have of the condition of the hemp crop is very discouraging. It is damaged badly by the drought—great deal of it blooming 2 1/2 to three feet high.

I have 960 Tennessee sheep for sale at Danville, Ky. 500 ewes and 400 wethers. Also 25 steers. Call on or address S. T. Rook, Danville, Ky., at Faulconer's hotel. July 6-2t.

### Storeroom For Rent.

Will rent room I now occupy and give possession at once. Stock of goods now low and will be sold as a whole at a great bargain. J. W. SWENNEY.

### Card of Thanks.

In retiring from the livery business, I take this method of thanking my friends for their kind patronage. I appreciated your favors very highly indeed. RICE BEXOR.

### New Workhouse Keeper.

Rice Benge desiring to give up the workhouse, the place was given to Joe Petty Monday night. Mr. Petty entered at once upon his duties. His mother and family will reside with him.

### Handsome Side Walk.

James I. Hamilton has had a concrete pavement made in front of his residence, together with walks to and around the house. This work makes one of the greatest improvements in town. Jim now lives in as much style as the Prince of Wales.

### Short Crop in Boyle.

The Advocate says it is safe to say that the wheat yield in Boyle county will not, on an average, exceed fifty per cent. of the usual crop. About twenty-five bushels to the acre is the top notch, but some fields in the west end will not be cut at all.

### City Council.

At the regular July meeting of the Council, held Monday night, nothing of much importance was done, save to take steps in regard to enforcing the sidewalk ordinance. The matter was talked over and it was decided to immediately take action in all cases where property owners had failed and refused to comply with the order.

### A Paint Lick Enterprise.

Adams' Fistula Salve, put up by Adams & Fish, Paint Lick, is meeting with ready sale everywhere. Persons who have used it say it's a marked success and a sure cure for Fistula, Pile, Swinney, Scratches, Enlargement, Greasy Heel, etc. It is sold on a written guarantee, and money refunded if not as represented. ap-13

### Still an Officer.

The pistol-shooter and midnight howlers must not get the idea into their craniums that because Joe Petty is no longer night policeman he can make no arrests. He is sworn in as workhouse keeper and not only has the authority, but it is his duty to arrest any violator of the law. Run 'em in Joe. A dude behind the bars would be an interesting sight.

### New Grocery.

Messrs Joseph Faulconer, Jr., of Danville, and Ed C. Gaines, of this city, have formed a partnership and will open a big line of groceries in the Thompson block on Richmond street. We do not know of two more honorable, upright, christian gentlemen than are they, and if hustle and push count for anything they will certainly succeed. Mr Faulconer is a brother of Rev Henry Faulconer, of this city.

Beautiful display of mid-summer Dry Goods at Joseph's.

### Money to Loan.

On good real estate. For particulars apply at THE RECORD office. 1t.

### Wanted.

100,000 bushels of wheat. Highest cash market price. C. C. Glass & Bro. Camp Nelson, Ky. June 28-4t

The 4th of July was as tame in Lancaster as a home-talent show. The banks were closed all day and the post office locked, barred and bolted most all day. Holidays are getting to be a nuisance.

### Strayed.

Large, brown horse, 12 years old. Little crease fallen, two white spots from saddle. Left Ottenheim, May 22, and has been seen near Lancaster. Liberal reward for return to G. S. Gaines, Lancaster.

### Fire Near Town.

The large barn of Ship Estes, on Danville pike, was burned Sunday morning. A horse belonging to Miss Mattie Estes was in the building. Mr. Estes lost a lot of hay, corn, harness and a few implements. Origin of fire unknown. The horse was roasted in the fire, it being too hot to get him out.

### New Drug Store.

Mr Fred P. Frisbie has closed a contract with the Hotel Co., for the new room in the hotel building on corner of Public Square and Richmond St. He tells THE RECORD he will put in a complete and up-to-date stock of drugs, druggists sundries, paints, oils, and in fact, everything to be found in a first-class drug house. He will fit the store with the latest fixtures and the room will be a beauty. Mr Frisbie has completed his studies at a Philadelphia school of pharmacy and is thoroughly competent for the business. Fred is a clever young fellow and is sure of success.

### Hamilton-Powell.

Mr. H. Clay Hamilton and Miss Laura Powell were married Thursday evening by Elder Jesse Walden, at the latter's residence, on Lexington street. The couple have been sweethearts for a long time and the marriage was expected by many. Desiring to steal the march on their friends, they drove to the residence of Rev. Kuykendall, at Marksbury. The latter was not at home, and they drove back to Elder Walden's, arriving about nine o'clock. The bride is a daughter of Mr. C. D. Powell, one of Lancaster's leading merchants, and is a young lady of fine intellect and accomplishments. Mr. Hamilton is manager for the Western Union Telegraph Co. He is popular and industrious. THE RECORD joins their long list of friends in wishing them many years of happiness.

### Many Letters.

The committee appointed by the City Council to advertise for bids on waterworks has received a bushel basketful of letters from parties all over the United States. The suggestion to advertise was a good one, as it will cost comparatively nothing, and will enable our people to ascertain just what a system will cost. Its folly to talk of putting in a plant unless we know exactly what it will cost. All propositions and estimates will be looked into on July 11th, and the committee will make a report to the Council. Then the matter can be taken up for consideration. Every body is for waterworks "if the railroad is built." Now, neighbors, the railroad is going to be built, so don't worry on that point. In figuring up our business for the fiscal year, we have 164 cents profits. This money will be wagered with anyone against his old straw hat that within eighteen months Lancaster will have waterworks and the Southern railway. Put this in your cob pipe and puff it.

### Farmers' Road.

We are needing all of our Sacks, and many of our friends have neglected to return the Sacks we have accommodating them with. We lost by fire about 6,000 Sacks, consequently we need every Sack that is due us. We bought 6,000 Second-hand cotton Sacks, branded "Schwartz & Bros. St. Louis, Mo.," these Sacks are in the hands of our farmer friends, and they are using them for milking purposes. A visit to Lancaster Flouring Mills will convince any one of the fact.

We also have several thousand sacks branded "Ballard & Ballard Co.," or "Ballard Mills," and we have also thousands of other sacks, and we notice these sacks are being used for milking and other purposes. Now we ask you in all kindness to see that every sack due us and in your possession is returned at once and you will confer a favor on us that we will appreciate very much.

We are also in the market for wheat and will pay the highest market price cash on delivery. Your Friends, H. A. B. MARKSBURY & SON.

Keep cool by using one of Joseph's pretty fans.

It's a little late in the season, but our lines of Ribbons, Hosiery, Gloves, Handkerchiefs, etc., are well filled. J. JOSEPH.

### Notice To Creditors.

Any persons having claims against the estate of T. H. West will present them to me, properly proven, on or before August 1, 1899. W. T. West.

### Scarcity of Water.

The scarcity of water is growing serious. Many cisterns have given out, wells are low and stock-water very scarce. If a fire should break out in town it would, as it always does, have to burn its course.

### Notice to Farmers.

Should you not want to sell your wheat at present prices, and want to hold for a better market, we desire to inform you we have made arrangements to store 15,000 or 20,000 bushels wheat here in Lancaster on the usual terms, to include fire risk. So bring us your wheat. We also have arrangements for storage account at Louisville. H. A. B. MARKSBURY & SON.

### New Livery Firm.

Messrs. Burton & Barker have taken charge of the big livery stable, opposite the Mason House. They are both expert horse men, and know a good animal, and, greatest of all, know how to keep one in proper shape. They are stocking the stable with new outfits and will have one of the best stables in Kentucky. You can't find two cleverer boys than Billy Burton and Charley Barker, and THE RECORD speaks for their unbounded success.

### Getting in Line.

Those of our citizens over whose land the new railroad will run are realizing the great good the road will do for the county and are talking very reasonably about it. As we have stated several times, we are satisfied no one will want to gouge their own home people, and all parties will take actual damage done them. True Kentuckians will stand up for one another when the rub comes, and we are satisfied all Garrard county people will pull together in this matter. This road will be the greatest blessing the county could get, and if it is allowed to slip, we might as well fold our hands and never make another move for progress.

### As Others See Us.

In its "Lancaster Court Day Items," the Stanford Democrat says: "I wanted to get to the court-house, but the pavements were so obstructed by cattle that I found it a difficult task and had to catch a 2-year-old steer by the horns and pull him off the steps before I could get into that building. The shade trees along the edge of the pavements made the cattle feel like they were out in the blue-grass pastures and they lounged around the store doors with an air of perfect ease. The ladies needed balloons to make the trip around the square. The sidewalks were dangerous and it does seem to me that the cattle ought to be put in shady places, elsewhere than under the awnings of the business houses. The smell of mean whisky right off 'The Shoot' and cattle sweltering in the sun was not as delicious as the new mown hay in the meadows along the roads leading into Lancaster."

### PUSHING THE WORK.

Surveyors are Running Lines to Dripping Springs and On.

The railroad surveyors completed the second line into town this week. It runs over, or nearly so, the first line mentioned in THE RECORD, and comes close to Marksbury, crosses the Lexington pike three times, strikes Col. W. S. Beazley, H. C. Sutton and on into town over Dr. Herring's land and strikes the L & N near the S. T. Leavel property. The engineers say this is by far the most practical line, as it is good grade, very straight, and will not cost near as much money as the line mentioned in last issue of THE RECORD. The line is now being run to Dripping Springs and will run within a few hundred yards of that resort. It then goes on to Rockcastle and will miss Crab Orchard by about 2 1/2 miles. The engineers are well pleased with the grade and route so far, and are much encouraged over the line in front of them, as far as they have been. They will complete their papers up to this point and send them at once to headquarters.

Excursion to Old Point Comfort Va.

The Chesapeake & Ohio Ry. has arranged a series of Excursions to Old Point Comfort Va., during the month of July, August and September. These Excursions will be run on the Second and Fourth Tuesdays in each month. The tickets will be good on the regular trains, and will be limited to 21 days. The rate will be \$15.00 for the round trip. Persons desiring to go should send in their names for sleeping car space, and state on which train they will want to go. Any information cheerfully furnished on application to any Agent, or to G. W. Barney, Div. Pass. Agent, Lexington, Ky.

Lovely Tulle, Crepons, Gloves and Dimitties at Joseph's.

### For Sale.

On easy payment, a good house and lot. W. J. ROMANS.

One of Dillehay's big brick kilns is through burning, and brick-laying on the new buildings will commence in a few days.

### Farmers' Attention.

Storage furnished for wheat. See R. G. Ward for particulars. Lancaster Mills & Elevator Co.

### Farm for Sale.

Dr. W. L. Letcher advertises in THE RECORD that he will on the 10th of August sell his very desirable farm at Paint Lick, in Garrard county.

### Taxes Due.

Town taxes are now due, and property owners should come forward at once and settle. This has to be done and those putting it off too long will be put to extra expense. 6-22-tf. E. M. WALKER, Collector.

### Competitive Examination.

On July 13, at the county superintendent's office, in Lancaster, an examination for the scholarship at State College, Lexington, will be held. This examination is open to all persons between the age of fourteen and twenty years. The person receiving the highest general average secures the appointment.

### More Recruits Wanted in Philippines.

The Recruiting officer in Lexington has just received instruction from the War Department to enlist a number of white men for Infantry, Cavalry and Artillery services in the Philippines. These men will be sent to San Francisco at once to connect with Steamship sailing the latter part of this month. Now is the chance for you to make a trip around the world. This opportunity will only last a few days and men wanting to join should apply at the Recruiting offices in Lexington Ky. or in Ashland Ky. or in Somerset Ky. at once.

### Guessing for the Range.

As had been advertised in the RECORD, the big cooking range at Joseph's was given away Tuesday. An immense gourd had been placed in the show window, and every purchaser to the amount of \$1 was given a guess at the number of seed in the gourd. Tuesday Mr. Joseph selected G. Bright, Swineland, Capt. Mike Salter and J. Raymond Haselden to count the seed. The gourd was opened and found to contain 633 seed. No one had guessed the number, but Sig Perlin named 672 and Mrs Harris 674, and the range was given to them jointly. It was interesting to see the guesses. They ranged all the way from 8 to 10,000 and one fellow guessed that it contained none at all. The plan was a perfectly fair and just one, and has been a big ad for Mr. Joseph.

### Teachers' Institute.

The Garrard County Institute for white teachers will be held in the Court House, at Lancaster, on Monday, July 24, continuing five days, with Prof. J. H. Patterson, of Lancaster Graded School as conductor. On Tuesday evening (the 25th) an entertainment entitled "The Heart of Cuba," will be given, conducted by Prof. H. K. Taylor, principal of Louisville Training School. He will be assisted by Sepor Jose Andonegui, a violinist of wide reputation.

The Colored Teachers' Institute will convene at the Court House, July 17, and continue five days, to be conducted by Prof. C. C. Monroe, of Owensboro. On Tuesday evening, (the 18th), Prof. Sneed's band will give an entertainment.

All teachers failing to attend the Institute will forfeit their certificates. Both Institutes will be held in the Court House. 7-20 ELISA J. LUSK, Sup't.

### A Popular Man.

Notwithstanding the fact that Hon. John W. Yerkes has stated positively that he would not make the race for governor, there is an inclination among republicans all over the state to try and induce him to accept it. There is no cleaner and better equipped man in Kentucky than the clever Boyle county gentleman. A lot of republicans met at Lexington the other day to talk over the affairs of the party, and in a report the Herald says: "It is claimed that there is only one man in the Republican party who might be given the nomination for Governor who is strong enough to defeat the Kenton statesman, and that man is the Hon. John Yerkes, of Danville, and it is hinted that the conference Friday night was for the purpose of coming to some agreement whereby the other candidates, or the strongest of them, would withdraw and allow Yerkes to be nominated with the hope of saving the party this fall.

Mr. Yerkes has been prominently mentioned for the office, but he has made no light or canvas for the nomination, but it is said that he would not be averse to accepting it if it were tendered to him. Some say he would not accept it. The Republican party has had a taste of State rule and are very anxious to continue in office, and they think that if a strong man is put up Goebel will be defeated. Their only salvation seems to be in Yerkes, and it would not be surprising to see him the nominee of the party."

### SQUIRE KINNABIRD RESIGNS.

As Cashier of the National Bank—Mr. Denny and Other Officers Promoted.

At the regular business meeting of the board of directors of the National Bank of Lancaster, held last week, Squire W. H. Kinnaird tendered his resignation as cashier, and same was accepted. Squire Kinnaird has been cashier of this bank since 1865, the date of its organization. During all this time he has remained steadfastly at his post of duty, and one can almost count on his fingers the days Mr. Kinnaird has been away from his desk. During all these years, there has never been a hitch in the running of the business. The bank was first located where Mr. Curry now has his grocery store. It was then moved into the old Ray building, back of the Hemphill corner. While located in the latter place, a new building was erected on the present site and it was

years to his life.

The directors very wisely elected Mr. S. C. Denny as cashier. He has

been connected with the bank for many years, and has been assistant cashier for a long time. No more careful or painstaking official could have been selected, and the directors will certainly never have cause to regret their action. Mr. Denny is a polite, kind and attentive young gentleman, one who is always ready to favor a friend. He is a man of splendid business qualifications and possesses that sound judgment and discretion so necessary in the position he fills. No young man has more friends or is more popular among all classes than is Cabell Denny, and we know we do not exaggerate in saying that if the people had a say in his appointment there would not have been a dissenting voice.

Mr. J. Fleece Robinson, Jr., who was heretofore book-keeper, was made assistant cashier, and Mr. R. T. Embry advanced from assistant to book-keeper. Both these gentlemen have been faithful and efficient, and their promotions are justly deserved.

Taken as a whole, the new officers complete probably the youngest set of officials in the state. Mr. Denny is only 34 years of age, and Messrs. Robinson and Embry are his juniors by several years.

THURSDAY, July 6, - 1899

This settles it. Teddy Roosevelt has declared for McKinley for President.

The good-bay politician is now in his glory. His joy will continue for the next five months.

If all the "raging stamps" could be added up, the people would escape a great flow of natural gas this fall.

The drought is hurting growing vegetation, but the crop of cross-roads politicians does not seem to be affected.

The state campaign will furnish golden opportunities for many little sap-headed "orators" to mount the raging stump and tell what they don't know.

The Louisville Times says Judge McKee Duncan, brother-in-law of Gov. Bradley, may be given the Republican nomination for Attorney General in order to promote harmony.

A READY-PRINT house sent us a page of bills of fare for every meal during the week. If the enterprising firm will send information as to how the "raw material" may be obtained we will not need their instructions as to what particular time it shall be delivered.

R. LEE DAVIS has retired from the Richmond Register and the paper is now edited and controlled by S. F. Rock. We are sorry Mr. Davis has retired, but hope he will soon be back in newspaper harness. He is a young man of great ability and his writing will be greatly missed by his brother quill-pushers.

An exchange truly says: "If you have a good home and are out of debt, don't fret and worry your life into the grave for the sake of making money."

You have but one life to live and it is brief at best. Take a little pleasure and comfort as you go day by day, and try to do a little good. A world-impatient desire to possess the earth, to grab everything in sight, is but the foundation of more misery than almost any one thing.

Indications are that Kentucky will have the hottest campaign this fall that the dear old state ever experienced. The democrats have a splendid ticket and the republicans will take great care in selecting their standard bearers. All the candidates will, of course, make an active canvass, and every available speaker will be pressed into service. The "dear people" will have little rest from now until the close of the polls.

Gov. BRADLEY was imposed upon by some unknown fakir when he issued orders Saturday afternoon, holding several companies of the State Guard in readiness for quick transportation to Manchester, in Clay county. The orders were issued after the Governor had received a telephone message purporting to be from a reliable State official, who said serious trouble was threatened and that a large detail of soldiers was necessary to prevent bloodshed. The trick was discovered and the orders at once revoked.

The people will be led to know that President McKinley has at last concluded to recruit enough men to send to the Philippines and either whip the unruly natives or kill them out. The war in the Philippines has already cost the United States \$20,000,000 and 600 men, besides 5,500 soldiers wounded. It is declared that the army is costing Uncle Sam \$250,000 daily, not including the naval expenses, which are \$10,000 daily. It is clear that the half-witted heathens will have to be stamped out, and there is no need delaying the matter.

Bishop SEYMOUR expresses his opinion on dancing in the following language: "Dancing is not inherently evil any more than money is, or the drama is, or music is. It may be, and often is, abused. There are lascivious dances and there are occasions when one ought not to dance. So precisely are there lewd songs and improper plays, and vile purposes to which money is put, but these are not arguments

against the legitimate use of money, or the drama or music. So precisely with dancing it comes under the same category, and one can no more consistently condemn dancing than one can condemn money, or music, or the drama.

The Courier-Journal will support the ticket nominated at Louisville last week. Here's what it says:

In order to suppress all illa conjectures, and to allay excitement, the Courier-Journal accepts the fact of the nomination of the ticket, and, since the victory is assured upon it, it will cheerfully support it. It will draw to it the vote of the party in the State and will do so to the democrats of the nation at large, and hope no further conceived by any of us. We risk nothing in predicting that before the day of election this Goshel ticket will not have the machinery of the Goshel law that the head of the ticket will be the most popular candidate the democratic party has put in the field for Governor since the war of succession; and that, surely elected governor, he will make a great governor. All hail, King Goshel, the hope, not merely of the reunited democracy of the State, but of the young, the free, the noble nation of Kentucky.

Frank, well-known here, where he attended Kentucky University, and a member of the Kappa Sigma Fraternity, will be married next month to Miss Marietta Brown, of Dallas, Texas. Mr. Frank is now located at Amarilla, Texas."

Stanford Journal. "The fact that Jesse M. It is rare that such an honor goes to one so young or so deserving."

Mrs. Clare Witwer and son, Charles Fox, arrived Friday from their home in Texas, to visit Lancaster relatives. Capt. ## Incidents of the Men.

Judging from the racket on the Public Square Saturday night, the boys must have had enough booze to float a boat. Hades was lifted high into the elements, and the life of those living near the square was made miserable. A drummer, who had been kept awake nearly all night, asked next morning why the Public Square was not placed in the town limits, so the officers could have control over it.

## Postoffice Buling

The Postoffice Department Washington has ruled that the writer has a right to regain possession of a letter providing he can prove to the satisfaction of the postmaster of the office from which it was sent that he was the writer of it. Even if a letter has arrived at its destination and before it has been delivered to the person to whom it was addressed it may be recalled by a telegram through the mailing office. The reason assigned is that the United States is only the agent of the writer of the letter while the letter is in transit. The decision is important to business men and to private individuals.—Press and Printer.

will remain in Lancaster, Ky., at the Hamilton House, a few

Days Only.

It is my specialty to fit glasses in such a manner that they relieve the eye strain perfectly, fitting the eye with spectacles that you can see with ease and comfort, thus preserving the eye. In examining the eye only the latest and most improved methods and instruments are used.

Physicians especially are invited to call and investigate my method of correcting error of refraction. Many cases of headache, neuralgia, nervousness, irritability, insomnia, vertigo, nervous prostration, and the seeming inability of old eyes to see are due to defective vision caused by an abnormal curvature of the cornea or crystalline lens or to an irregularity of the refracting media of the eye, and are relieved at once upon the application of the proper glasses. Ninety per cent of the people over 40 years of age need glasses and 50 per cent of the 90 need them for distance.

Glasses are not always given to improve vision, but to relieve undue strain; to ease fatigue. Thousands of eyes are ruined yearly. Seven persons out of ten have neither eyes alike and one out of twenty astigmatism. The necessity of testing each eye separately. Special attention given to any eye condition that may exist between the refractive of the eye.

Optical science has made many rapid advances within the last few years. The correct adaptation of spectacles has become a distinct profession. The optician who thoroughly understands his business, realizes fully that in adjusting glasses for his patients he is dealing with a most delicate and precious organ where the slightest error may ruin seriously, while if he does his work well, he not only gives comfort and ease to his patient but in many instances restores the sight.

Special care should be taken in selecting the first pair of spectacles, for should it be adapted without the aid of a responsible optician, it is most important that the lenses should be accurately centered and of the best quality, and the frames so made that the wearer looks directly through the center. Glasses used fitted to the face become an ornament as well as a necessity.

Fitting a broken pair constitutes a specialty, and, to not neglect your children's eyes. Difficult cases so fitted.

All questions in regard to the eyes cheerfully answered.

Consultation and Examination Free.

Office hours from 10 a. m. to 5 p. m. at the Hamilton House, Lancaster, Ky., Monday, July 17, 1939.

## Man of Good Taste.

The editor of the Larue county Herald is surely a man of fine sense, good taste, and knows what he is talking about. Listen to him: "The circuses have given Larue county the cold-shoulder for several years and the folks are getting desperate. The Herald says: 'We see no special blessing to be derived from living in a town that never has a circus. Some of our friends are just dying to run up against the shell game again. They are getting too rich. It is all right to talk about the green grass, the blooming flowers and the sighing winds, but what are they worth compared with a circus? One 'oompa, oompa' of the brass band will make a crowd tramp down more grass than can grow in a summer, one chance to observe an elephant roll a barrel around a saw-dust ring is sweeter than blooming flowers ever attempted to be, and one fleeting glimpse of the bespangled show girls as they gyrate around the ring on the bare back of a spotted horse would make the sighing winds moan for remembrance. We want a circus!'"

A number of people from here attended quarterly meeting at Gunn Chapel Sunday, and also a number of young folks attended preaching at Mt Zion Jessamine County Saturday night Sunday and Sunday night. We cannot tell what might be the attraction over there.

Misses Jewel and Beatrice Sanders visited their cousins, Misses Willie and Jessie Pierce, of Buckeye, last Friday. Rev. Neal, of Whitesboro, will fill his appointment at Scott's Fork Saturday night and Sunday. Miss Myrtle Mobery has returned from a several days visit with relatives and friends in Lincoln. Relatives and friends of Mr. Willie Raney surprised him very much with a nice dinner last Thursday, it being his thirty third birthday, the day was greatly enjoyed by all who were present. Miss Edna Naylor and daughter Miss Emma of Judson, visited Mrs. T. L. Sander Saturday. Mrs. Septia Onstott is taking music lessons under Miss Alice Jones an accomplished teacher, of Lexington. Several of the young folk from here attended childrens days exercises at New Antioch fourth Sunday night, and all report a nice time. Miss Mattie Sanders spent last week with her aunt, Mrs. Peachie Grow. Messrs T. L. and J. W. Sander attended preaching at Gunns Chapel Saturday.

Miss Lou Land has returned from a weeks visit at her sister's Mrs. Sallie Davis, of Jessamine. Mr. and Mrs. Incoe, of Jessamine, visited his sister, Mrs. C. W. Mitchell Saturday and Sunday.

## Marksbury.

There is no greater gift to man than music even the lower animals and birds enjoy it. Mrs. Mike Kennedy has a turkey that seems to be very much affected by music. When she hears the sounds of the organ or guitar she walks up on the veranda, puts her head in the window, closes one eye, and listens very attentively until the music ceases then she walks away as if she had enjoyed quite a treat.

Mr. Oliver Borer left Monday, for Louisville. Dr. Pendleton, of Louisville, will preach at the Fork Church, Sunday. Mrs. N. A. Bogle is visiting her cousins Mr. and Mrs. Le Bicker Van Arsdale, at Harrodsburg. Mr. Henry Williams and bride, of Burgin, visited the family of Mr. P. D. Aldridge, Saturday and Sunday. Brown, of Kirksville formerly of this place passed through Sunday en route to Beunaville, to visit relatives at that place.

## Wallacetown.

Miss Amanda Hayes, of Preachersville, is visiting her many friends here this week.

Work on the new school house in our town is progressing very nicely.

Gardens in our vicinity are actually dying for the want of rain, and farmers have stopped plowing to wait for rain.

Wheat harvest is over and farmers

are now stacking it. They report, in most instances, a very light crop.

Mr. Wm. Higginbotham has lost several nice calves within the last few days from some unknown disease.

Mr. Myers, formerly of Paint Lick, has moved his saw-mill to a point about two miles south from Wallacetown.

Miss Pattie Todd has been employed to teach the school in Wallacetown, and will begin as soon as the new house is ready for use. E. W. Baker will teach at Baker School-house again, this making his 16 terms in the same district.

Mr. Sam Conn, who started for Mt Zion two weeks ago "to hunt work," got as far as Bowling Green and turned back, arriving here just 10 days after leaving here. He is now at work every day and doesn't have to hunt for it either.

A few days ago a man, more given to profanity than to cheerfulness, giving the cause of education, came to town rather "on his ear" because he was taxed to help to build our new school-house, and at once began cursing the district, the school-house, the town and all things common, finally ringing his "oratory" to a climax with the very ridiculous assertion that "Wallacetown is nothing but a super town any way."

In reply to this one of the crowd sent a gentleman to the school-house, and he was talking some time when he ran away and got one good square meal. "His unexpected invitation did not (I prove the statement, "A sinner turned away wrath," but proved the best part of the entertainment.

Victims to stomach, liver and kidney troubles as well as women, and all feel the result in loss of appetite, poisons in the blood, backache, nervousness, headache and tired, listless, run down feeling. But there's no need to feel like that. Listen to J. W. Gardner, Idaville Ind. He says: "Electric Bitters are just the thing for me when he is run down and don't care whether he lives or dies. It did more to give me new strength and good appetite than anything I could take. I can now eat anything and have a new lease on life." Only 50 cents at R. E. McRoberts Drug Store. Every bottle guaranteed.

### THE GOVERNOR HOAXED.

Bradley's Hurry Call for Troops—Two Forged Messages—The Governor is Very Indignant.

LEXINGTON, Ky., July 4.—Gov. Bradley arrived here Sunday from Cincinnati with the information that the call for 300 state troops Saturday night was the result of forged messages to him purporting to be from a gentleman in Lexington in whom the governor had confidence and a message from Frankfort purporting to be from a state officer. He was informed by these messages that there was much trouble in Clay county; that the Howards were surrounded and were at the mercy of the Philpots and Bakers and that unless troops were sent at once many lives would be sacrificed.

The governor immediately issued the order for the troops to go to Clay county Sunday morning. Later he became suspicious, and after a telephone consultation with Adj. Gen. Collier and Col. # RAW AS BEEF FROM ECZEMA!

No Torture Equal to the Itching and Burning of This Fearful Disease.

Eczema—which is more than skin-deep, and can not be reached by local applications of ointments, salves, etc., applied to the surface. The disease itself, the real cause of the trouble, is in the blood, although all suffering is produced through the skin; the only way to reach the disease, therefore, is through the blood.

Mr. Phil T. Jones, of Moxleyville, Ind., writes: "I had Eczema thirty years, and after a great deal of treatment my leg was raw and sore that it gave me constant pain. It finally broke into a running sore, and began to spread and grow worse. For the past five or six years I have suffered untold agony and had given up all hope of ever being free from the disease, as I have been treated by some of the best physicians and have taken many blood medicines, all in vain. With little faith left I began to take S. S. S., and it apparently made the Eczema worse, but I knew that this was the way the remedy got rid of the poison. Continuing S. S. S., the sore healed up entirely, the skin became clear and smooth, and I was cured perfectly. Eczema is an obstinate disease and can not be cured by a remedy which is only a tonic. Swift's Specific—

Not much attention is often paid to the first symptoms of Eczema, but it is not long before the little redness begins to itch and burn. This is but the beginning, and will lead to suffering and torture almost unendurable. It is a common mistake to regard a roughness and redness of the skin as merely a local irritation; it is but an indication of a humor in the blood—of terrible

## S. S. S. FOR THE BLOOD

—Is superior to other blood remedies because it cures diseases which they can not reach. It goes to the bottom—to the cause of the disease—and will cure the worst case of Eczema, no matter what other treatment has failed. It is the only blood remedy guaranteed to be free from potash, mercury or any other mineral, and never fails to cure Eczema, Scrofula, Contagious Blood Poison, Cancer, Tetter, Rheumatism, Open Sores, Ulcers, Boils, etc. Insist upon S. S. S.; nothing can take its place. Books on these diseases will be mailed free to any address by Swift Specific Company, Atlanta, Georgia.
